

What is E=MC²? A Kindergarten tuition assistance program for children attending The Learning House; Northern Colorado's ONLY Science and Math early childhood school!

Who is The Learning House?

We are Northern Colorado's only nonprofit early childhood Science and Math school! Our programs include Preschool, Fabulous 4's, PreKindergarten, Kindergarten and Enrichment

programs; all offered in a non-day care setting. We also provide Therapeutic Play Groups for infants and toddlers where parents stay and play. For parents and professionals, we facilitate workshops that give them a better understanding of the early years. We welcome children

of all abilities and believe in a fully inclusive philosophy where children work side-by-side and learn to accept each other with open hearts and open minds.

Who will E=MC² help? Children! Parents! Our future! **Children** learn critical thinking and problem solving skills, **parents** get financial assistance in times of need, and our **future** will be in the hands of adults who know how to think and solve problems. Your gift will help many people in many ways now and in the future. We all win when children get a great education. Please make a donation today and support a young scientist!

Why Science and Math?

Science and Math help young children learn critical thinking, problem solving and literacy skills! Science and Math are exciting and help young children learn interpersonal skills such as accepting other ideas, working cooperatively, and managing their behavior.

What can you do? Make a donation today and support a young scientist! Your tax deductible donation will give young children a chance to explore their world through Science and Math, use critical thinking and problem solving skills, and work cooperatively with their peers. Please support a young scientist; give them a solid foundation for their future!

Thank you! For all the children your donation will help, we thank you! Please call with any questions or schedule a visit to see all the good things we do for children and their families. To make a donation, please send your gift to the address below or visit our website, thelearninghouse.org, and click on the Donate button. Thank you!
