OUR PLACE IN SPACE 5-8 yrs

June 12 - 15, 9:30 - 11:30am
\$85 Class Code: OPSS17

Kids will build a compressed air rocket, experiment with solar energy and insulation, construct a landing vehicle, and more while taking an imaginary trip to space to the moon.

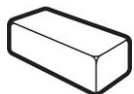

EXCELLENT ELECTRICITY 5-8 yrs

July 31 & August 1, 9:30 - 11:30am
\$50 Class Code: EES17

Building circuits and switches on day one. Static electricity on day two... electrifying!

BUILDER'S DELIGHT 5-8 yrs

June 19-22, 9:30 - 11:30am
\$85 Class Code: BDS17

In this class kids 5-8 years old will experiment with balance, build a spinner, explore structure strength, and have a free build to express an idea of their own.

HARD CORE SCIENCE 5-8 yrs

August 9 & 10, 9:30 - 11:30am
\$50 Class Code: HCSS17

5-8 year olds will explore rocks, minerals, and fossils; build a field magnifier; and collect data in this 2-day class.

LITTLE LAB 4 yrs

June 26 - 29, 9:30 - 11:00am
\$ 65 Class Code: LLS17

A different kind of learning every day. Specially designed for the 4 year old mind! Science tools, color mixing, math & building.

ONE ROOM SCHOOLHOUSE 6-8 yrs

August 14 - 17, 2017 9:30am - 12:00pm
\$110 Class Code: ORSS17

Kids get ready for a new school year with this general education "brush up" class. Reading, Writing, Math, and, of course, plenty of Science!
